

window and glass breakage sensor EnOcean

Artikelnummer: EM-FGSE-00 (open/close/tilt/glass breakage or open/pulled shut/locked)

EIMSIG[®] FENSTER+GLASBRUCH
SENSOR 

Category: position sensor, warning sensor, wireless sensors

Frequency: 868 MHz

Supported EEP: A5-14-01, A5-14-03, A5-14-07, A5-14-08, A5-14-09, A5-14-0A

Description: The EiMSIG Window and Glass Breakage Sensor detects the window states open, closed, and tilted. The integrated function of glass breakage monitoring further allows the sensor to watch for vibrations in the glass. More information: www.fenstersensor.com
